

## Introduction to Intermodal Program Syllabus

Version: April 12, 2024

Instructors: Kristy Knichel, Jeffrey Brashares, and Shelli Austin

### Course Overview

Welcome to TIA's Introduction to Intermodal Program. This comprehensive program was jointly developed by several of TIA's railroad associate members and provides a general overview of the intermodal mode. This course is perfect for transportation & freight brokerage professionals looking to expand into intermodal services.

### Course Objectives

By the end of this course, you will have a firm grasp of the following core topics:

- Differences between class I, regional & local rail services
- Advantages & disadvantages each class brings to intermodal transportation
- Explaining the intermodal process from start to finish, particularly the broker's role in coordinating other players & what to reasonably expect from the process
- Customs requirements for transborder freight established by Canadian & Mexican authorities
- Understanding the key concepts of the process of selling intermodal transportation

## Course Materials

**Access to the Learning Management System (LMS):** This will be your home for all content including course modules, discussion forum posts, and zoom links for live events. You will receive instructions on how to access the LMS on the first day of the course.

## Course Participation

This is a rigorous, intensive course designed for you to engage actively with course materials and put your learnings into action to prepare for the final exam. Students who get the most out of this course are those who engage and participate with your fellow students. This includes:

- Discussion the topics posted in the course discussion forum and interacting with your peers
- Attending the live events, including interacting with the instructors through virtual office hours

**\*All live events and deadlines take place in Eastern Standard Time**

## Course Policies & Important Resources

Please make sure to review the [TIA Education Course policies here](#). Throughout the course, you can always refer to the Course homepage to view this syllabus, the course policies, the schedule of activities for your course, and more.

## Course Completion

Upon receiving a passing grade on the exam, TIA Education staff will notify you via email that you have passed your exam. After collecting your contact information, you will then receive a course completion certificate.

This quarter will fly by – we understand that many students take this course while also working full time in their current roles as freight brokers. The students who actively participate in all the available study options often have more success on the final exams at the end of each quarter. We are so happy to have you join us for this course!
